EQUAL HOUSING OPPORTUNITY

Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The City of Corpus Christi (City) is a federal entitlement community under the U.S. Department of Housing and Urban Development (HUD). The City receives this designation through the application; administration, execution, and compliance of HUD funded programs by the City's Planning & Economic Development Department (PEDD).

As a HUD entitlement community, the City is required to prepare a Five-Year Consolidated Plan (ConPlan) and an Annual Action Plan (AAP) to administer federally funded housing, community, and economic development programs. FY2027/PY2026 AAP represents Year Four of the City's FY2023–FY2028 ConPlan, as approved by City Council and accepted by HUD.

The FY2027/PY2026 AAP is the City of Corpus Christi's application to HUD for entitlement grants and identifies the proposed programs and projects to be funded during the City's Fiscal Year (FY) 2027. The following three HUD entitlement grants are covered in the AAP:

- Community Development Block Grant (CDBG): The primary objective of the CDBG program is the development of viable urban communities through the provision of improved living environments, expansion of economic opportunity, and suitable housing. Funds are intended to serve low and moderate-income residents and areas.
- HOME Investment Partnerships Program (HOME): The HOME program is dedicated to increasing the availability, quality, and access to affordable and decent housing for low-income households.
- Emergency Solutions Grant (ESG): The purpose of the ESG program is to help individuals and families regain both temporary and permanent housing after experiencing a housing crisis or homelessness.

The City of Corpus Christi receives funding from three federal grant programs, CDBG Program, the HOME, and the ESG Program. The FY2027/PY2026 annual allocations will receive the following for the three grant programs: $2,700,757 in CDBG funds; $1,130,831.20 in HOME funds; and $232,640 in ESG funds.

CDBG will have additional funding in the amount of approximately $100,000 in program income and approximately $902,657 reprogrammed unspent funds from FY23/PY22 AAP, FY24/PY23, and FY25/ PY24 from public facility projects, program administration, program delivery and Code

Enforcement that have been made available for the upcoming FY2027/PY2026 CDBG program allocations for a total funding level of approximately $3,000,757.

HOME will have an additional approximate amount of $250,000 generated from program income and $1,009,563.90 of program income received in FY26/PY25 from a rental/rehabilitation loan payoff for Costa Tarragona 1 project and $1,116,981.26 of program income received in FY26/PY25 from a rental/rehabilitation loan payoff for Costa Tarragona 2 project for a preliminary estimated funding amount of $3,507,376.16 for the FY2027/PY2026 year. The total resources for the 4th year of the Consolidated Plan is $7,443,430.36.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items, or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The Consolidated Plan establishes the goals and objectives of the City's allocations programs. During development of the 2023-2028-Consolidated Plan, the following objectives and outcomes were identified for the strategic plan.

The Strategic Plan provides a framework to address the needs of the City for the next five years using approximately $2.7 million in Community Development Block Grant (CDBG) funds, $1.1 million in HOME funds and $232,640 in ESG funds annually. The three overarching objectives guiding the proposed activities are:

- Providing Decent Affordable Housing
- Creating Suitable Living Environments
- Creating Economic Opportunities

Outcomes show how programs and activities benefit low- and moderate- income areas of a community or the people served. The three outcomes that will illustrate the benefits of each activity funded by the CDBG program are:

- Improve Availability/Accessibility
- Improve Affordability
- Improve Sustainability

Activities funded this year will support at least one objective and one outcome. The City’s framework for realizing the objectives and outcomes includes the following goals:

- Increase and Maintain Affordable Housing for low-income households

- Provide a Suitable Living Environment through public facilities and infrastructure improvements
- Blight Removal
- Provide public services and programs related to healthy outcomes for low- and moderate-income persons and households
- Address Homelessness

The City of Corpus Christi will allocate funding to meet the goals and objectives outlined in the Consolidated Plan. For PY26, the City will continue to invest entitlement funds in support of the following:

1. Increase and Maintain Affordable Housing
2. Public Facilities
3. Code Enforcement
4. Homeless Prevention
5. Planning & Administration

In PY25, The City amended its citizen participation plan to allow the City to identify and include backup projects that can be substituted if higher priority projects run into delays. This streamlined the substitution process while giving citizens the opportunity to provide input. The amendment will assist with the City's intent to deobligate funds from a particular project and fund one or more others in its place and minimize delays to program implementation to avoid negative impacts on the overall timeliness of programs. This year, the City will have two public facility projects.

The City leveraged general funds to hire an Unhoused Programs Administer position. The Unhoused Administrator leads the coordination and implementation of the community's efforts to address homelessness by managing strategic planning initiatives, supporting stakeholder and coalition partnerships, administering grants and funding programs, overseeing contract and compliance activities, and monitoring policy and legislative developments affecting unhoused populations. The position also assists in establishing program goals and priorities, supports emergency management planning and response efforts, and helps coordinate emergency refuge center operations during weather and disaster-related events. The position also leverages $264,000 in state grants from the Texas Department of Housing and Community Affairs (TDHCA) for local homeless initiatives.

3. Evaluation of past performance

The City continues to make strides towards its housing and community development goals set in the strategic plan and annual action plan.

The City of Corpus Christi (PY2024) Consolidated Annual Performance Evaluation Report described progress made from October 1, 2024, to September 30, 2025, towards the goals set forth in the ConPlan.

PEDD continues to successfully administer the Minor Home Repair Grant and Single-Family Rehabilitation Loan Program. PEDD also carried out all monitoring successfully.

PY24 projects focused on owner-occupied housing rehabilitation, increasing affordable housing types through new affordable senior housing; homebuyer assistance programs; improvement to public facilities for youth and senior services; neighborhood clean ups; homeless initiatives, and prevention and elimination of slum and blight.

The City of Corpus Christi will continue to support priority activities, including the Minor Home Repair Program (MHRP), Single-Family Rehabilitation program, code enforcement, public facility improvements, homeless assistance initiatives, multifamily affordable rental housing, and new construction of affordable single-family residential homes, in response to ongoing community demand and support the effective implementation of HUD-funded programs.

4. Summary of Citizen Participation Process and consultation process

A series of Public Meetings and Technical Assistance (TA) workshops for the City's FY2026/PY2025 AAP which include CDBG, ESG, and HOME Programs were conducted on March 4, 2026, and March 5, 2026. The March 5, 2026, meeting was held during business hours. TA meetings occurred on April 9, 2026. The purpose of the Public Meetings and TA workshops was to provide program information, receive comments concerning housing and community needs and answer questions regarding Notice of Funding Availability (NOFA) and the overall application process. All interested people of low- and moderate-income households residing in CDBG eligible areas were invited to attend. A first public hearing for the FY2027/PY2026 will be held on July 28, 2026, during the regularly scheduled City Council meeting to receive public comment. The public comment period was extended through July 27, 2026.

Also, the City took part in several measures to broaden public participation. In addition to the public hearings/meetings, the City conducted several consultations via one-on-one meetings, emails and calls with local stakeholders including affordable housing agencies, homeless service providers, social service providers, health care and mental health providers, and the Texas Balance of State Continuum of Care.

The public meetings were conducted to assess community needs and obtain public input on housing and community development priorities consistent with the Five-Year ConPlan. To broaden citizen participation, notices of the public meetings and technical assistance availability were published in the Corpus Christi Caller-Times in English and Spanish and posted on the City’s website.

5. Summary of public comments

During the consultation process, the City engaged representatives from government agencies, nonprofit organizations, affordable housing providers and developers, social service and community development organizations, educational institutions, publicly funded entities, and other stakeholders to obtain diverse input and ensure broad participation in identifying housing and community development needs and priorities (see Citizen Participation Packet).

6. Summary of comments or views not accepted and the reasons for not accepting them

Comment information will be inserted here.

7. Summary

In summary, the AAP has been developed with extensive community input as noted above and reflects the needs of the City.

AP-10 Consultation – 91.100, 91.200(b), 91.215(l)

1. Introduction

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l))

The preparation of the Annual Action Plan involved outreach to an extensive number of local, regional and state organizations involved in providing housing, community development, economic development, broadband, civic organizations and social services in Corpus Christi.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The Unhoused Program Administrator and the Homeless Resource Officer work actively with the local homeless coalitions in the Continuum of Care. City staff participate in regularly scheduled meetings and activities. The City often brings CDBG resources to the table to supplement Continuum of Care initiatives and distributes Emergency Solutions Grant funding to the various agencies that make up the Continuum of Care. The City also leverages the Homeless Housing and Services Program grants funds from the Texas Department of Housing and Community Affairs on an annual basis.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

City staff regularly collaborate with the Texas Balance of State Continuum of Care (TX BoS CoC), administered by the Texas Homeless Network (THN), and local service providers to integrate City resources into homeless services and shelter operations through ESG funding. Funding is based on agency needs and available resources.

A Notice of Funding Availability (NOFA) was released on April 1, 2026, with technical assistance workshops scheduled for April 9, 2026. The City coordinates annually with THN on ESG allocations and follows THN policies for HMIS administration as a member of the TX BoS CoC.

The City partnered with THN and local coalitions to implement a Coordinated Entry System (CES), with The Salvation Army serving as the designated entry point for assessing housing and service needs.

ESG performance standards and evaluation procedures are in place. City staff use an internal database to track ESG data, reconcile quarterly HMIS reports from funded agencies, and ensure proper data entry into

HMIS and SAGE. The INFOR financial system is used to manage ESG budgets, payments, and activity closeouts. Data collected supports CAPER reporting. In PY24, the City updated its ESG Written Standards.

A series of public meetings and Technical Assistance (TA) workshops for the City's FY2027/PY2026 Annual Action Plan (AAP), including the CDBG, ESG, and HOME Programs, were conducted on March 4–5, 2026. TA workshops were held on April 9, 2026, along with several individual TA sessions for new agencies interested in funding opportunities. The purpose of the public meetings and TA workshops was to provide program information, solicit input regarding housing and community development needs, and respond to questions concerning the Notice of Funding Availability application process. All interested parties, including low- and moderate-income residents of CDBG-eligible areas, were encouraged to participate. A public hearing and first reading of the FY2027/PY2026 AAP will be held during the regularly scheduled City Council meeting on July 28, 2026, to receive additional public comment. The public comment period was extended through July 27, 2026.

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

The City of Corpus Christi receives funding from three federal grant programs, CDBG Program, the HOME, and the ESG Program. The FY2027/PY2026 annual allocations will receive the following for the three grant programs: $2,700,757 in CDBG funds; $1,130,831.20 in HOME funds; and $232,640 in ESG funds.

For CDBG, additional funding in the amount of approximately $100,000 in program income and approximately $902,657 reprogrammed unspent funds from FY23/PY22 AAP, FY24/PY23, and FY25/PY24 from public facility projects, program administration, program delivery and Code Enforcement that have been made available for the upcoming FY2027/PY2026 CDBG program allocations for a total funding level of approximately $3,000,757.

HOME will have an additional approximate amount of $250,000 generated from program income and $1,009,563.90 of program income received in FY26/PY25 from a rental/rehabilitation loan payoff for Costa Tarragona 1 project and $1,116,981.26 of program income received in FY26/PY25 from a rental/rehabilitation loan payoff for Costa Tarragona 2 project for a preliminary estimated funding amount of $3,507,376.16 for the FY2027/PY2026 year. Table 5-Expected Resources-Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

The City is also carrying over accumulated HOME match funds from previous years to meet the 25% HOME match requirement.

The City will set aside 15 percent of HOME funds for specific activities to a Community Housing Development Organization (CHDO). The CHDO for FY27/PY26 is Habitat for Humanity. The City will leverage $526,106 of HOME funds to Habitat for Humanity for the construction of three affordable housing single-family residential homes for low-income families. This combination of federal and local resources ensures the project's funding and supports the City's affordable housing efforts for seniors.

The City will leverage HOME funds to support the rehabilitation of a 500-unit at risk of aging housing that will keep safe, decent, and affordable housing for low-income households. The rehabilitation will help address the growing demand for affordable rental units, provide housing opportunities for residents most in need, and advance the HOME Program's purpose of increasing the availability and long-term affordability of housing for low- and very low-income families in accordance with HUD regulations and program requirements.

ESG funding will be fully matched (minus administrative costs) by each subgrantee. This year, the City is providing ESG funding to The Salvation Army (TSA), Corpus Christi Hope House (CCHH) and Mother Teresa Shelter, Inc. ESG funded agencies will match funds dollar per dollar through donations from private sources and salaries.

The City also augments CDBG funds allocated for park or facility enhancements by allocating general funds towards project expenses or addressing improvements for parks not meeting CDBG criteria. Examples include the Nutrition Education Center, which supports Meals on Wheels and disaster meal services, and various park improvement projects. For FY27/PY26, the City is leveraging approximately $3.5 million in capital improvement funds for exterior enhancements and an emergency generator installation at La Retama Central Library. Additionally, the City of Corpus Christi recently secured $115 million in funding to support a range of community improvements, including upgrades to public safety services, streets, parks and recreation facilities, and library improvements through the issuance of the General Improvement Bonds, Series 2026 transaction that priced on Tuesday, June 16, 2026.

The City recently amended its citizen participation plan to allow the City to identify and include backup projects that can be substituted if higher priority projects run into delays. This streamlined the substitution process while giving citizens the opportunity to provide input. The amendment will assist with the City's intent to deobligate funds from a particular project and fund one or more others in its place and minimize delays to program implementation to avoid negative impacts on the overall timeliness of programs. The City will have two public facility projects for

FY27/PY26 which include citywide sidewalks in CDBG eligible areas and La Retama Central Library ADA bathroom improvements. This combination of federal and local resources ensures the project's funding and supports the City's broader resilience and emergency preparedness efforts.

The Corpus Christi Housing Finance Corporation is conducting an Affordable Housing Study to assess community housing needs and help guide future planning, development, and funding strategies that support affordable housing initiatives. The study is being completed in partnership with the Corpus Christi Housing Authority, with each entity contributing up to $75,000 toward the estimated $150,000 cost, as referenced in AP-15. The City has procured a consultant, conducted a kickoff meeting, and is currently in the data collection phase. Completion of the study is anticipated in April 2027.

PEDD actively pursues and acquires grants like the Homeless Housing and Services Program (HHSP) available through the State of Texas Department of Housing and Community Affairs (TDHCA). This strategic approach allows staff to leverage additional funding and focus efforts on homeless needs and foster local collaborations with social service agencies, developers, builder associations, private industry, educational institutions, hospitals, and City departments to devise policies aimed at removing barriers.

For FY27/PY26, the City strategically leveraged federal funds by combining it with local resources by proposing funds from the General Fund to enhance its capacity to address homelessness by creating a homeless services position to help with homeless initiatives. By investing in the position, the City aims to improve the efficiency and effectiveness of local response efforts, strengthen partnerships with homeless service agencies, and better align efforts with federal and state funding priorities. The position also leverages $264,000 in state grants from the Texas Department of Housing and Community Affairs (TDHCA) for local homeless initiatives as noted in AP-05.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

Discussion

The City continues to advance revitalization efforts using City-owned land to expand affordable housing opportunities. At the former Lamar Elementary site and surrounding vacant parcels, selected developers are actively constructing multifamily senior housing and single-family homes, including projects supported through homebuyer assistance programs. These initiatives include income-restricted housing that remains within HUD affordability limits and are aligned with the City's ongoing housing and community development goals. Current development includes the Palms at Morris senior housing, which under construction, five single-family residential homes are complete, and four single-family homes will soon be under construction; all aligned with the City's housing and community development goals.

Building on the success of attracting infill housing development to the former Lamar Elementary School site, the City is pursuing similar opportunities for other City-owned properties as well as partnering with other public agencies that own sites appropriate for infill housing development.

The City is evaluating the sale of various parcels that have been deemed surplus property, some of which would be for the construction of single-family dwellings and potentially multifamily construction where zoning allows.

Within the past year, the City approved a rezoning for 14 two-family dwellings on Hearn Road in the city's northwest area; and is reviewing a rezoning for an existing non-conforming mobile home park located at 1545 N. Lexington Blvd. that plans to expand by adding 80 sites in Phase 1 and 95 sites in Phase 2; and a three-building apartment complex with 64 units at 1753 Gollihar Road that will go to City Council for approval in August 2026.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

Funding will be directed to qualified low- and moderate income (LMI) census tracts, in addition to other areas indirectly through assistance to LMI households who are income qualified for program funding. Other assistance for City and homeless facilities is also located in the LMI census tracts. All the CDBG funding (100%) will benefit LMI clientele and areas.

Geographic Distribution

Target Area	Percentage of Funds
CDBG Low/Mod Tracts	**100**
Citywide	**100**

Table 1 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

Federal regulations specify that funds be used for area benefit, as opposed to individual benefit and, be targeted to census tracts where 51 percent or more of the population earns below 80 percent of the area median income. The target areas include those designated LMI tracts.

Discussion

Most of the funding allocated to CDBG projects is targeted at the CDBG eligible LMI census tracts and will be used either for parks, sidewalks, accessibility improvements, public service for qualified beneficiaries or new construction for LMI persons. An undetermined amount of funding will be allocated to projects within the CDBG tracts~~,~~ to benefit and assist individuals/families who qualify for programs based on income. These projects include homebuyer assistance, minor repair, and homeowner rehabilitation.

The percentage of CDBG funds which will go towards CDBG LMI census tracts is estimated to be 100%, with the exception of the funds that will go towards administration. It is estimated that all of the ESG funding will be used on projects within qualified CDBG tracts, but the assistance is not directed according to area benefit.

100% of ESG funding will benefit low-income homeless individuals, other than the percentage allowed for administrative funds. Likewise, the HOME funding may benefit the CDBG target area but is not directed according to area benefit. HOME funding will also benefit LMI eligible persons and families for all proposed projects other than administration costs which is 10%.

Discussion

The table describes the one-year goals specifically for the ESG, CDBG, and HOME Program funds as required by 91.220(g):

ESG Rapid Rehousing Program: Provide housing relocation, stabilization services and short- and/or medium-term rental assistance as necessary to prevent the individual or family from moving to an emergency shelter, a place not meant for human habitation for households that are Literally Homeless or at-risk of homelessness. (38 households)

HOME Rental Rehabilitation Project – Rehabilitation of a 500-unit affordable at risk of aging affordable housing that will keep safe, decent, and affordable housing for low-income households. The rehabilitation will help address the growing demand for affordable rental units, provide housing opportunities for residents most in need, and advance the HOME Program's purpose of increasing the availability and long-term affordability of housing for low- and very low-income families in accordance with HUD regulations and program requirements. (500 households)

CDBG Minor Home Repair Program: The City will assist 38 homeowners with a grant (flood projects are deferred forgivable) to provide repairs involving the roof, plumbing, electrical, heating, minor structural repairs, and accessibility enhancements. Minor Home Repair (MHR) program estimated beneficiaries for FY27-PY26. (38 households)

Single Family Rehabilitation Program: The Single-Family Rehabilitation (SFR) Program benefits homeowners at or below 80% AMI by addressing unsafe, unhealthy, and deteriorated housing conditions. The program provides rehabilitation assistance to eligible owner-occupants through home repair and demolition/reconstruction activities. Funds will be used to rehabilitate four owner-occupied housing units, including home repair projects with assistance up to $49,999 per household. For properties where estimated rehabilitation costs exceed 50 percent of the property's market value, rehabilitation activities may include demolition and reconstruction for eligible homeowners. (4 households)

Habitat for Humanity Corpus Christi- Construction of three single-family homes. HFHCC will select three low-income families who apply for the Program and provide them with a low-interest mortgage to help applicants achieve homeownership. (3 households)

The City continues to advance revitalization efforts using City-owned land to expand affordable housing opportunities. At the former Lamar Elementary site and surrounding vacant parcels, selected developers are actively constructing multifamily senior housing and single-family homes, including projects supported through homebuyer assistance programs. These initiatives include income-restricted housing that remains within HUD affordability limits and are aligned with the City's ongoing housing and community development goals. Current development includes the Palms at Morris senior housing, which under construction, five single-family residential homes are complete, and four single-family homes will soon be under construction; all aligned with the City's housing and community development goals as noted in AP-15.

Building on the success of attracting infill housing development to the former Lamar Elementary School site, the City is pursuing similar opportunities for other City-owned properties as well as partnering with other public agencies that own sites appropriate for infill housing development. The City is evaluating the sale of various parcels that have been deemed surplus property, some of which would be for the construction of single-family dwellings and potentially multifamily construction where zoning allows as noted in AP-15.

Within the past year, the City approved a rezoning for 14 two-family dwellings on Hearn Road in the city's northwest area; and is reviewing a rezoning for an existing non-conforming mobile home park located at 1545 N. Lexington Blvd. that plans to expand by adding 80 sites in Phase 1 and 95 sites in Phase 2; and a three-building apartment complex with 64 units at 1753 Gollihar Road will go to City Council for approval in August 2026 as noted in AP-15.

The Corpus Christi Housing Finance Corporation is conducting an Affordable Housing Study to assess community housing needs and help guide future planning, development, and funding strategies that support affordable housing initiatives. The study is being completed in partnership with the Corpus Christi Housing Authority, with each entity contributing up to $75,000 toward the estimated $150,000 cost, as referenced in AP-15. The City has procured a consultant, conducted a kickoff meeting, and is currently in the data collection phase. Completion of the study is anticipated in April 2027.

In late 2017, the City of Corpus Christi completed its Assessment of Fair Housing (AFH). The City will continue to use the recommendations from the AFH as a tool for policy decisions.

AP-60 Public Housing – 91.220(h)

Introduction

Corpus Christi Housing Authority converted its public housing subsidies not project-based Section 8 subsidies units through RAD.

Actions planned during the next year to address the needs to public housing

Over the next year, the housing authority is addressing several capital needs including replacing HVAC systems, repairing and/or replacing elevators, and finishing construction of a maintenance building for more efficient operations.

The Corpus Christi Housing Finance Corporation is conducting an Affordable Housing Study to assess community housing needs and help guide future planning, development, and funding strategies that support affordable housing initiatives. The study is being completed in partnership with the Corpus Christi Housing Authority, with each entity contributing up to $75,000 toward the estimated $150,000 cost, as referenced in AP-15. The City has procured a consultant, conducted a kickoff meeting, and is currently in the data collection phase. Completion of the study is anticipated in April 2027.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

To encourage public housing resident involvement and support pathways to homeownership, the Corpus Christi Housing Authority (CCHA) includes a Resident Commissioner on its five-member Board of Commissioners, ensuring resident representation in decisions related to agency operations, policies, finances, properties, and personnel. Additionally, CCHA refers interested residents to homeownership counseling and down payment assistance programs administered by community partners, with funding provided by the City to help eligible households pursue affordable homeownership opportunities.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

The City is a participant in the local homeless coalition, the Homeless Issues Partnership, Inc, (HIP). The City funds a Homeless Resource Officer position that serves as a board member of HIP. HIP continues to identify needs which the Annual Action Plan help address homelessness. The City has a positive working relationship with THN and attends the TX BOS COC Spring General Membership meeting.

The special needs of the population include individuals having mobility impairments, disabilities, or that require supportive services. Typically, this population has severe or persistent mental illness, development and/or physical disabilities. Several organizations provide facilities and services for special needs populations in Corpus Christi.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

Multiple service providers provide street outreach. These include substance use disorder treatment, medical services, day services, transitional housing, shelter, mental health services, etc. The local homeless coalition hosts a resource fair for unsheltered persons where persons are assessed and signed up in the field for services and programs and appointments are made for follow-up services. The City's Homeless Resource Officer conducts street outreach inquiring about the goals of the unsheltered persons and making connections to services like ID recovery, mental health program appointments, VA appointments, etc.

Each January, the Homeless Issues Partnership conducts a Point-in-Time (PIT) count of the City's sheltered and unsheltered homeless in coordination with Texas Homeless Network and Balance of State to ascertain the number and characteristics of the homeless population and to assess their needs.

The Coordinated Entry System (CES) is designed to account for the diversity of needs of people experiencing homelessness, urgently respond to these needs with permanent housing solutions, and successfully incorporate housing, healthcare, and employment systems. This community response will ensure an accessible and navigable set of entry points; a universal assessment for all person requesting assistance; and effective and appropriate connections to housing and services for all populations.

The City leveraged general funds to hire an Unhoused Programs Administer position. The Unhoused Administrator leads the coordination and implementation of the community's efforts to address homelessness by managing strategic planning initiatives, supporting stakeholder and coalition partnerships, administering grants and funding programs, overseeing contract and compliance activities, and monitoring policy and legislative developments affecting unhoused populations. The position also assists in establishing program goals and priorities, supports emergency management planning and

response efforts, and helps coordinate emergency refuge center operations during weather and disaster-related events. The position leverages $264,000 in Homeless Housing and Services Program (HHSP) funding from the Texas Department of Housing and Community Affairs (TDHCA) for local homeless initiatives as noted in AP-05. A portion of the grant is required to go to youth set aside.

Additionally, the City awarded HOME-ARP funds to eligible agencies. Coastal Bend Center for Independent Living (CBCIL) and Endeavors were awarded HOME ARP funds for Supportive Services, while the Corpus Christi Housing Authority was awarded HOME ARP funds for Tenant Based Rental Assistance. HOME ARP program services are available to all qualifying populations. Awarded agencies rolled out services in PY25.

Addressing the emergency shelter and transitional housing needs of homeless persons

The funding requested for FY 2027/PY2026 will support the programs at The Salvation Army that provide emergency shelter, homeless prevention, and rapid re-housing services to the ever-increasing number of homeless, poor, and working poor in the community.

The funding requested for Hope House will provide assistance and Emergency Shelter to homeless families, specifically, homeless women with children, and provide assistance to keep individuals and families at-risk of homelessness stably housed through Homeless Prevention Program Assistance, and transition individuals and families out of homelessness into permanent housing through Rapid Rehousing Program Assistance, as well as Case Management. Budgeting classes will also be offered for clients receiving Homeless Prevention and Rapid Rehousing Assistance.

During periods of extreme cold and other severe weather events, the City coordinates the opening of warming centers to provide temporary refuge for individuals and families in need of a safe, heated environment. These facilities help protect vulnerable residents, including persons experiencing homelessness, seniors, and low-income households, from weather-related health risks. The City works with local partners and service providers to publicize available locations and connect individuals with additional housing and supportive service resources when appropriate.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

Proposed funding for the ESG program includes activities targeting improvements in the areas of rapid rehousing, discharge planning, and homeless prevention.

The Salvation Army will continue to provide food, shelter, case management, and supportive services

including CES, homeless prevention, and rapid re-housing to homeless and at-risk individuals, families, and veterans. Funding requested will also support CES.

Endeavors is also a local coordinated entry point; however, Endeavors did not request ESG funding this year.

As noted above, Corpus Christi is a recipient of approximately $264,000 of state HHSP funding to serve those literally homeless or at-risk of homelessness. The City, through a competitive application process, has awarded these funds to Mission 911, The Council of Alcohol and Drug Abuse-Coastal Bend, Dismas Charities Recovery Center, Coastal Bend Center for Independent Living, The Salvation Army, Mother Teresa Shelter, Inc., Funds are provided for rental expenses and case management to help people become and stay housed.

As mentioned above, the City awarded HOME-ARP funds to local eligible agencies for Supportive Services and Tenant Based Rental Assistance to all qualifying populations. Awarded agencies rolled out services in PY25.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

The implemented CES assists greatly in identifying issues that impact homelessness and ends the "recycling" of persons who are prone to bouts of homelessness. The City also contributes to homeless prevention through the funding of Corpus Christi Hope House and The Salvation Army. Hope House seeks to provide stable housing for individuals at risk of homelessness and transition individuals and families out of homelessness into permanent housing through the rapid rehousing program. The Salvation Army provides emergency shelter support and rapid rehousing as well for homeless individuals and those at risk of homelessness

Local CES efforts collaboration include collaboration with Nueces Center for Mental Health & Intellectual Disabilities (MHID) who provide crisis intervention, adult and youth mental health, intellectual & developmental disability services. The Texas Health and Human Services Commission contracts with the local mental health authorities (LMHA) and local behavioral health authorities to provide mental health and substance use services. The LMHA that serves Nueces County is MHID.

The City collaborates with external agencies to make funding available and establishes partnerships with both public and private local organizations in various sectors, including social services, health, mental health, foster care, youth facilities, and corrections programs to help low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families. For example,

Timon's Ministries provides health care and meals and is a gateway to other services. Corpus Christi Metro Ministries provides health care, meals and transitional housing.

Additionally, for FY27/PY26, the City is strategically leveraged federal funds by combining it with local resources by allocating funds from the General Fund to enhance its capacity to address homelessness by creating a homeless services position to help with homeless initiatives as noted above. The position collaborates with the City's Homeless Resource Officer in the Police Department closely collaborates with the Crisis Intervention Team and multiple agency partners in coordinated outreach endeavors to assist the most vulnerable population daily. Moreover, the Planning & Economic Development Department assists in inclement weather planning by collaborating with CCPD, Animal Care Services, local shelters, hospitals, and mental health institutions to guarantee transportation and shelter availability.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

As part of the Consolidated Plan process, barriers identified included inadequate supply of affordable housing and the high cost of housing in the city for low-income persons (persons paying more than 30% of household income for housing).

These barriers are interconnected. Demand for affordable housing exceeds the supply, insufficient resources are available to increase the supply of affordable housing resulting in renter households carrying a housing cost burden more than 30 percent of AMI and / or living in areas with low access to opportunities and high exposure to adverse community factors.

Additionally, the City actively works to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

To encourage lower-cost housing production, the City has identified various incentives for property owners and developers. Among these incentives are modifications to development standards, reduced development fees, expedited permit processing provisions for eligible building code variances and emergency post disaster emergency repairs through the Minor Home Repair and Single-Family Rehabilitation programs funded by HUD, and leveraging City- owned properties for affordable housing as noted in AP-15 and AP-55.

Over the past few years, the City's PEDD has continued to reduce barriers to affordable housing through several key initiatives:

- The City continues to advance revitalization efforts using City-owned land to expand affordable housing opportunities. At the former Lamar Elementary site and surrounding vacant parcels, selected developers are actively constructing multifamily senior housing and single-family homes, including projects supported through homebuyer assistance programs. These initiatives include income-restricted housing that remains within HUD affordability limits and are aligned with the City's ongoing housing and community development goals. Current development includes the Palms at Morris senior housing, which under construction, five single-family residential homes are complete, and four single-family homes will soon be under construction; all aligned with the City's housing and community development goals.

- Building on the success of attracting infill housing development to the former Lamar Elementary School site, the City is pursuing similar opportunities for other City-owned properties as well as partnering with other public agencies that own sites appropriate for infill housing development.
- Continued collaboration with the Development Services Department to streamline permitting, allow eligible building code variances, and support post-disaster emergency repairs for HUD-funded Minor Home Repair and Single-Family Rehabilitation programs. The Texas legislature passed new legislation to allow multifamily construction in commercial zoning districts, but the City of Corpus Christi did not have to change its zoning ordinance because this was already allowed. Additionally, State legislation was passed to allow smaller lots sizes in greenfield development that supersedes City zoning regulations.
- Updated internal housing program policies to align with revised local building codes, including those related to accessory uses, structures, and accessory dwelling units.
- Through City Ordinance, Development Services offers nonprofits up to a 50% discount on building permit fees for affordable housing projects.
- The Corpus Christi Housing Finance Corporation is conducting an Affordable Housing Study to assess community housing needs and help guide future planning, development, and funding strategies that support affordable housing initiatives. The study is being completed in partnership with the Corpus Christi Housing Authority, with each entity contributing up to $75,000 toward the estimated $150,000 cost, as referenced in AP-15. The City has procured a consultant, conducted a kickoff meeting, and is currently in the data collection phase. Completion of the study is anticipated in April 2027 as noted in AP-15 and AP-55.
- The City is evaluating the sale of various parcels that have been deemed surplus property, some of which would be for the construction of single-family dwellings and potentially multifamily construction where zoning allows as indicated in AP-15.
- Within the past year, the City approved a rezoning for 14 two-family dwellings on Hearn Road in the city's northwest area; and is reviewing a rezoning for an existing non-conforming mobile home park located at 1545 N. Lexington Blvd. that plans to expand by adding 80 sites in Phase 1 and 95 sites in Phase 2; and a three-building apartment complex with 64 units at 1753 Gollihar Road will go to City Council for approval in August 2026 as indicated in AP-15.

Like many jurisdictions nationwide, Corpus Christi continues to face affordable housing challenges driven primarily by market conditions, including rising land values, construction costs, and housing prices, rather than governmental barriers. The City addresses these challenges through affordable housing initiatives, policies, and programs identified in the Annual Action Plan.

Discussion:

As part of the 2023-2028 Consolidated Plan, the City will implement the goals and supported strategies identified and update the City’s Analysis of Impediments and Fair Housing Action Plan within the next five years to include revised strategies for addressing fair housing challenges.

AP-85 Other Actions – 91.220(k)

Introduction:

The City continues to work toward implementation of the strategic plan included in City's Five-Year Consolidated Plan for HUD Fiscal Years 2023-2028.

This section of the AAP describes the City's planned actions to carry out the following strategies outlined in the Strategic Plan:

- Foster and maintain affordable housing,
- Rehabilitate housing for existing homeowners
- New construction of single-family homes
- Rental Rehabilitation
- Public Facility Improvements
- Code Enforcement

Actions planned to address obstacles to meeting underserved needs

The City continues to expand its outreach efforts to underserved communities, both through official channels and through partnerships with community organizations. A total of two public meetings were held, including an additional open house meeting held at City Hall during business hours. A first reading public hearing for the FY2027/PY2026 will be held on July 28, 2026, during the regularly scheduled City Council meeting to receive public comment as noted in AP-05. The public comment period was extended through July 27, 2026. These efforts are aimed at soliciting input from traditionally marginalized groups in Corpus Christi about their needs and community priorities.

The City of Corpus Christi intends to continue funding its legacy projects such as the Minor Home Repair Program (MHRP), the Single-Family Rehabilitation Loan Program (SFR), code enforcement, public facility improvements, homeless initiatives, multifamily rental affordable housing units and new construction of single-family residential affordable homes as there remains a high demand for those activities as indicated in AP-05.

The City will continue those activities to both help public and private housing and social service agencies to better serve Corpus Christi residents. This includes maintaining its current robust network of jurisdictional and region-wide public and nonprofit services providers. Additionally, this includes supporting service providers with the City's competitive application processes and forms, requirements for grant implementation and reporting, and grant close-out for successful programming.

During periods of extreme cold and other severe weather events, the City coordinates the opening of warming centers to provide temporary refuge for individuals and families in need of a safe, heated environment. These facilities help protect vulnerable residents, including persons experiencing homelessness, seniors, and low-income households, from weather-related health risks. The City works

with local partners and service providers to publicize available locations and connect individuals with additional housing and supportive service resources when appropriate. Likewise, during periods of extreme heat, the City coordinates the opening of cooling centers to provide temporary refuge for individuals and families in need of a safe, cool environment.

Additionally, the City awarded HOME-ARP funds to eligible subrecipients. Services include Supportive Services and Tenant Based Rental Assistance and to all qualifying populations. Awarded agencies rolled out services in PY25.

Actions planned to foster and maintain affordable housing

As stated through this Annual Action Plan and the 2023-2028 Consolidated Plan, housing is a high priority for the City. Accordingly, the City prioritizes the use of CDBG and HOME funding to address homelessness, and for the development of affordable housing that serves low-income households, including preservation and conservation and Tenant Based Rental Assistance.

The major City goal is to preserve and expand the supply of affordable housing including rehabilitation or new construction of multifamily rental units. The City continues to strongly support Low- Income Housing Tax Credit applications of affordable developments in the city and uses its HOME allocation for these types of developments to preserve existing market affordable rental housing and construct new committed affordable rental housing.

As mentioned in AP-55, the City will fund a HOME Rental Rehabilitation Project – Rehabilitation of a 500-unit affordable at risk of aging affordable housing that will keep safe, decent, and affordable housing for low-income households. The rehabilitation will help address the growing demand for affordable rental units, provide housing opportunities for residents most in need, and advance the HOME Program's purpose of increasing the availability and long-term affordability of housing for low- and very low-income families in accordance with HUD regulations and program requirements.

Additionally, the City will continue to provide CDBG funds for the Minor Home Repair Program: The City will assist 38 homeowners with a grant (flood projects are deferred forgivable) to provide repairs involving the roof, plumbing, electrical, heating, minor structural repairs, and accessibility enhancements. The applicant must be at least 62 years old, disabled, a veteran or a surviving veteran spouse. The applicant must be at or below 50% AMI. Minor Home Repair (MHR) program estimated beneficiaries for FY27-PY26.

This year, the City will provide HOME funding for the Single- Family Rehabilitation Program. The Single-Family Rehabilitation (SFR) Program benefits homeowners at or below 80% AMI by addressing unsafe, unhealthy, and deteriorated housing conditions. The program provides rehabilitation assistance to eligible owner-occupants through home repair and demolition/reconstruction activities. Funds will be used to rehabilitate four owner-occupied housing units, including home repair projects with assistance up to $49,999 per household. For properties where estimated rehabilitation costs exceed 50 percent of the property's market value, rehabilitation activities may include demolition and reconstruction for eligible homeowners.

The City continues to partner with Habitat for Humanity Corpus Christi (HFHCC). For PY26, HFHCC will construct three affordable single-family residential homes. HFHCC will select three low-income families who apply for the Program and provide them with a low-interest mortgage to help applicants achieve homeownership.

As stated above, the City awarded HOME-ARP funds to local eligible agencies for Supportive Services and Tenant Based Rental Assistance to all qualifying populations.

Actions planned to reduce lead-based paint hazards

The City addresses lead-based paint hazards by providing required lead-based paint notifications and educational materials to participants in its housing rehabilitation programs. Homeowners acknowledge receipt of lead hazard information through Neighborly Software, the City's housing program management system.

In accordance with HUD requirements, all owner-occupied rehabilitation projects funded with CDBG and HOME funds are subject to lead-based paint compliance and hazard evaluation procedures. The City also supports the development of lead-safe affordable housing through new construction activities and will continue these efforts during FY2027/PY2026.

Actions planned to reduce the number of poverty-level families

The implementation of CDBG activities meeting the goals established in the Five Year 2023-2028 Consolidated Plan and this year's FY2027/PY2026 Annual Action Plan will help to reduce the number of poverty-level families by:

- Supporting activities that expand the supply of housing that is affordable to low- and moderate-income households;
- Supporting activities that preserve the supply of decent housing that is affordable to low- and moderate-income households;
- Supporting housing preservation programs that assure low-income households have a safe, decent, and appropriate place to live; and
- Supporting new construction of multifamily residential units for senior citizens

Actions planned to develop institutional structure

Affordable housing activities are administered by PEDD, who is specifically responsible for coordinating CDBG, HOME and conducting program compliance. PEDD continues to collaborate with organizations to achieve the outcomes included in the plan.

In PY25, The City amended its citizen participation plan to allow the City to identify and include backup projects that can be substituted if higher priority projects run into delays. This streamlined the

substitution process while giving citizens the opportunity to provide input. The amendment will assist with the City's intent to deobligate funds from a particular project and fund one or more others in its place and minimize delays to program implementation to avoid negative impacts on the overall timeliness of programs. The City will have two public facility projects for PY26.

Due to its implementation success last year, the City plans to continue to use the lottery system to implement minor home repair programs for PY26.

Actions planned to enhance coordination between public and private housing and social service agencies

The City has a long track record of successful partnerships among public and private sector entities. The delivery system for the HUD grant programs is no exception. Communication and cooperation between the City's Planning and Economic Development Department and the partner agencies and organizations that administer activities is strong. City staff continues to work closely with the other organizations to improve regulatory compliance, monitoring, cooperation and partnerships among agencies and technical capacity of organizations involved in project delivery. To enhance coordination between public and private housing and social service agencies, the City will continue consulting with and inviting the participation of a wide variety of agencies and organizations involved in the delivery of housing and supportive services to low- and moderate-income residents in Corpus Christi, particularly the CDBG Target Areas.

The City continues to advance revitalization efforts using City-owned land to expand affordable housing opportunities. At the former Lamar Elementary site and surrounding vacant parcels, selected developers are actively constructing multifamily senior housing and single-family homes, including projects supported through homebuyer assistance programs. These initiatives include income-restricted housing that remains within HUD affordability limits and are aligned with the City's ongoing housing and community development goals as indicated in AP-15.

Building on the success of attracting infill housing development to the former Lamar Elementary School site and vacant single-family lots in the surrounding neighborhood, the City is pursuing similar opportunities for other city-owned properties as well as partnering with other public agencies that own sites appropriate for infill housing development. Current development at the site includes the Palms at Morris senior housing, which under construction, five single-family residential homes are complete, and four single-family homes will soon be under construction; all aligned with the City's housing and community development goals.

The City is evaluating the sale of various parcels that have been deemed surplus property, some of which would be for the construction of single-family dwellings and potentially multifamily construction where zoning allows as noted in AP-75.

Within the past year, the City approved a rezoning for 14 two-family dwellings on Hearn Road in the city's northwest area; and is reviewing a rezoning for an existing non-conforming mobile home park located at 1545 N. Lexington Blvd. that plans to expand by adding 80 sites in Phase 1 and 95 sites in Phase 2; and a

three-building apartment complex with 64 units at 1753 Gollihar Road will go to City Council for approval in August 2026 as noted in AP-75.

The City also relies on nonprofit service sector to provide much of its homeless services, including operation of emergency shelters, safe parking, day services, street outreach, and the provision of rental assistance, legal services, and other supportive services for people experiencing or at-risk of homelessness, all further described in AP-65.

The City leveraged general funds to hire an Unhoused Programs Administer position. The Unhoused Administrator leads the coordination and implementation of the community's efforts to address homelessness by managing strategic planning initiatives, supporting stakeholder and coalition partnerships, administering grants and funding programs, overseeing contract and compliance activities, and monitoring policy and legislative developments affecting unhoused populations. The position also assists in establishing program goals and priorities, supports emergency management planning and response efforts, and helps coordinate emergency refuge center operations during weather and disaster-related events. The position leverages $264,000 in state grants from the Texas Department of Housing and Community Affairs (TDHCA) for local homeless initiatives as noted in AP-05 and AP-65.

Discussion:

In the implementation of the FY2027/PY2026 AAP, the City will invest CDBG resources to address obstacles to meeting underserved needs, foster and maintain affordable housing, reduce lead- based paint hazards, reduce the number of poverty-level families, develop institutional structure, and enhance coordination between public and private housing and social service agencies.

Program Specific Requirements

AP-90 Program Specific Requirements - 91.220(1)(1,2,4)

Introduction:

The HOME funded Single Family Rehabilitation Program (SFR) provides residential rehabilitation assistance to eligible owner- occupied households to address health, safety and code compliance deficiencies. Applicants on the program's existing waitlist are evaluated to determine eligibility using documentation required to verify compliance with applicable HOME fund requirements. The SFR program is currently closed to new applications, and the City continues to administer assistance from its existing waitlist.

The City will open HOME fund applications for a rental rehabilitation program for affordable housing. The City will require tenant selection policy, including plans and procedures for marketing units, achieving and maintaining full occupancy, and meeting affirmative fair housing marketing requirement (HUD Form 935.2). The annual advertising campaign will comply fully with the Affirmative Fair Housing Marketing Plan (AFHMP). Through advertising and other outreach efforts set forth in the AFHMP, the HOME funds awarded agent will attempt to reach persons who are least likely to apply.

The City is revising the Resale and/or Recapture provisions per the 2025 HOME Final Rule, and an updated copy will be attached to the FY2027 Annual Action Plan submission and posted on the City's website.

1. Include written standards for providing ESG assistance (may include as attachment)

***See Attachment A .**

2. If the Continuum of Care has established centralized or coordinated assessment system that meets **HUD** requirements, describe that centralized or coordinated assessment system.

   In the Texas Balance of State Continuum of Care (TX BoS CoC), Coordinated Entry (CE} is managed by multiple parties from the CoC level to the regional level. The CoC level parties include the TX BoS Coe Board, Texas Homeless Network, and the Coordinated Entry Steering Committee. At the regional level, the CE process is supervised by each region's Coordinated Entry Planning Entity.

   Given its large geographical size, the TX BoS CoC has taken a regional approach to administer Coordinated Entry. By designating regions, local communities are able to play an important role in assessing and communicating their specific needs. This allows the TX Bos Coe to better understand how to best assist every community. Across all 18 designated CE regions, the CE process operates similarly and involves Entry Points, Assessors, and Receiving Agencies.

   In Corpus Christi, The Salvation Army is the lead Coordinated Entry point.

3. Identify the process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).

   The City makes the ESG allocation available to private nonprofit organizations through a competitive Notice of Funding Availability (NOFA}. The NOFA is announced on the website and through a public notice in the local newspaper. The City holds a technical workshop to answer questions about the application and process. The application period is open for at least 30 days. Submitted applications are reviewed for risk, impact, and eligibility.

4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG.

   The City requires non-profits participating in the ESG program to have homeless representatives on

their boards of directors. This is monitored on an annual basis.

5. Describe performance standards for evaluating ESG.

The City evaluates the performance of ESG through the comparison of proposed beneficiaries compared to actual beneficiaries and the compliance with federal, state, and local rules and regulations related to ESG. Sub-grantee evaluation includes monitoring that begins with the attached Agency Monitoring Standards. Based on the questionnaire answers, payment request supporting documentation, and HMIS reporting, the City evaluates the performance and compliance for ESG. ***See Attachment B**

CORPUS CHRISTI – PLANNING & COMMUNITY DEVELOPMENT ESG WRITTEN STANDARDS

City of Corpus Christi

Grant Monitoring Division – Planning & Community Development Department

ESG Written Standards

The following standards were developed for providing assistance with Emergency Solutions Grant (ESG) funds as required by 24 CFR 576.400(e).

Overview

The City of Corpus Christi (City) has developed written standards for the provision of ESG assistance which includes policies and procedures for evaluating each individual or family's eligibility to obtain ESG assistance. The Emergency Solutions Grant, formerly known as the Emergency Shelter Grant, reflects the change in the program's focus from addressing the needs of homeless people in emergency or transitional shelters to assisting people to quickly regain stability in permanent housing after experiencing a housing crisis and/or homelessness.

The Emergency Solutions Grants program written standard serves as a guide in administering the City's ESG funds. ESG regulations 24 CFR Part 576, as amended, are clear regarding eligible program uses: street outreach, emergency shelter, homelessness prevention, rapid re-housing assistance, and data collection through the Homeless Management Information System (HMIS).

The City has the discretion of identifying how program funds can best be utilized based on the needs of the homeless in the community. This includes evaluating the amount in administration funds allowable-the statutory cap is 7.5 percent-for subrecipients.

The City will continue to refine its written standards through consultation with various service providers and the Continuum of Care.

Amendment Request

The Subrecipient is allowed a maximum of one (1) amendment request per program year. Any subrecipient making a request must submit a formal timely request on agency letterhead, addressed to the Community Development (CD) Administrator, Grant Monitoring Department (GMD), and provide detailed information as to the reason the amendment is being requested. The GMD has ten (10) business days to respond with its decision. Please note that any amendment request must be authorized by the CD Administrator before a subrecipient can make changes as requested.

Client Eligibility

Individuals or Families seeking assistance for homeless prevention must be at 30% of the Area Median Income (AMI) or below. In addition, individuals or family requesting services through the ESG program must meet HUD's definition of homelessness or at-risk of homelessness. To determine if an individual or family is income eligible, the subrecipient must examine an individual or family's annual income to ensure that it does not exceed the most current area income limits as posted on.

Written Standards for Provision of ESG Assistance

Standard policies and procedures for evaluating individuals' and families' eligibility for Assistance under ESG.

Per 24 CFR 576.401 ESG subrecipients must conduct an initial evaluation to determine each individual or family's eligibility for ESG assistance and the amount and types of assistance the individual or family needs to regain stability in permanent housing.

ESG subrecipients must reevaluate the program participant's eligibility and the types and amounts of assistance the participant needs; **not less than once every 3 months for participants who are receiving homelessness prevention assistance and rapid re-housing assistance**.

At the subrecipient's discretion, reevaluations may be conducted more frequently than required by 24 CFR 576.401 and may also be incorporated into the case management process which must occur not less than monthly for homelessness prevention and rapid re-housing participants – See 24 CFR 576.401 (e) (i). Regardless of which timeframe is used, reevaluations, must at minimum, establish that:

The program participant does not have an annual income that exceeds 30 percent of median family income for the area, as determined by HUD; and the program participant lacks sufficient resources and support networks necessary to retain housing without ESG assistance. To determine if an individual or family is income eligible, the subrecipient must examine an individual or family's annual income to ensure that it does not exceed the most current area income limits as posted on:

https://www.huduser.gov/portal/datasets/il.html#2022_data

When the program participant's income or other circumstances change (e.g., changes in household composition) that affects the program participant's need for assistance under ESG, the subrecipient must reevaluate the program participant's eligibility and the amount and types of assistance the program participant needs.

Standards for targeting and providing essential services related to street outreach

The City of Corpus Christi does not target ESG funding to any geographic area or client population. ESG subrecipients are selected through a request for proposal process based on service provision. Subrecipients will not duplicate services in the same Corpus Christi area of operation.

ESG funding may be used for costs of providing essential services necessary to reach out to unsheltered homeless people; connect them with emergency shelter, housing, or critical services; and provide urgent, non-facility-based care to unsheltered homeless people who are unwilling or unable to access emergency shelter, housing, or an appropriate health facility. For the purposes of this section, the term ''unsheltered homeless people'' means individuals and families who qualify as homeless under paragraph (1) (i) of the ''homeless'' definition under 24 CFR Part 576.2. As outlined in 24 CFR Part 576.101, essential services consist of:

i. Engagement;

ii. Case management;

iii. Emergency health services – only when other appropriate health services are inaccessible or unavailable within the area;

iv. Emergency mental health services – only when other appropriate mental health services are inaccessible or unavailable within the area;

v. Transportation; and

vi. Services for special populations.

ESG subrecipients must determine an individual's or family's vulnerability and unwillingness or inability to access emergency shelter, housing, or an appropriate health facility, prior to providing essential services under this component to ensure that ESG funding is used to assist those with the greatest need for street outreach assistance.

Policies and procedures for admission, diversion, referral, and discharge by emergency shelters

a. Emergency Shelter Definition

The term Emergency Shelter was revised by 24 CFR Part 576.2 to mean "any facility, the primary purpose of which is to provide a temporary shelter for the homeless in general or for specific populations of the homeless and which does not require occupants to sign leases or occupancy agreements. This definition excludes transitional housing. However, projects that were funded as an emergency shelter (shelter operations) under the FY 2010 Emergency Shelter Grants program may continue to be funded under the emergency shelter component under the Emergency Solutions Grants program, regardless of whether the project meets the revised definition.

b. Admission, Diversion and Referral

Shelter stays should be avoided, if possible, and when not possible, limited to the shortest time necessary to help participants regain permanent housing. Consistent with Section (a) of this document, ESG subrecipients must conduct an initial evaluation of all individuals or families to determine if they should be admitted to an emergency shelter, diverted to a provider of other ESG-

funded components, such as rapid re-housing or homeless prevention assistance, or referred for other mainstream resources.

c. ESG subrecipients must determine that individuals and families meet category (1), (2), (3), or (4) of the Homeless Definitions listed below and rate the individual's or family's vulnerability to ensure that only those individuals or families that have the greatest need for emergency shelter assistance receive ESG funded assistance.

Recipients must have written policies and procedures that document homelessness and at risk of homelessness status. Written standards will require:

- Intake staff to document eligibility at intake/screening
- Specify the evidence that must be used to establish and verify homeless or at risk status
- Include standards for documenting due diligence

Standards must be consistent with recordkeeping requirements and reflect HUD's preferred order per 24 CFR 576.500 found at: https://files.hudexchange.info/resources/documents/HomelessDefinition_RecordkeepingRequirementsandCriteria.pdf

i. Category 1 – Literally Homeless-Per 24 CFR 576.500(b) the procedures must require documentation at intake of the evidence relied upon to establish and verify homeless status as follows:

b. Homeless status. The recipient must maintain and follow written intake procedures to ensure compliance with the homeless definition in § 576.2. The procedures must require documentation at intake of the evidence relied upon to establish and verify homeless status. The procedures must establish the order of priority for obtaining evidence as third-party documentation first, intake worker observations second, and certification from the person seeking assistance third. However, lack of third-party documentation must not prevent an individual or family from being immediately admitted to emergency shelter, receiving street outreach services, or being immediately admitted to shelter or receiving services provided by a victim service provider. **Records contained in an HMIS or comparable database used by victim service or legal service providers are acceptable evidence of third-party documentation and intake worker observations if the HMIS retains an auditable history of all entries, including the person who entered the data, the date of entry, and the change made; and if the HMIS prevents overrides or changes of the dates on which entries are made.**

(1) If the individual or family qualifies as homeless under paragraph (1)(i) or (ii) of the homeless definition in § 576.2, acceptable evidence includes a written observation by an outreach worker of the conditions where the individual or family was living, a written referral by another housing or service provider, or a certification by the individual or head of household seeking assistance.

(2) If the individual qualifies as homeless under paragraph (1)(iii) of the homeless definition in § 576.2, because he or she resided in an emergency shelter or place not meant for human habitation and is exiting an institution where he or she resided for 90 days or less, acceptable evidence includes the evidence described in paragraph (b)(1) of this section and one of the following:

(i) Discharge paperwork or a written or oral referral from a social worker, case manager, or other appropriate official of the institution, stating the beginning and end dates of the time residing in the institution. All oral statements must be

recorded by the intake worker; or

(ii) Where the evidence in paragraph (b)(2)(i) of this section is not obtainable, a written record of the intake worker's due diligence in attempting to obtain the evidence described in paragraph (b)(2)(i) and a certification by the individual seeking assistance that states he or she is exiting or has just exited an institution where he or she resided for 90 days or less.

ii. Category 2 – Imminent Risk of Homeless Per 24 CFR 576.500(b)(3) the procedures must require documentation at intake of the evidence relied upon to establish and verify homeless status as follows:

(3). If the individual or family qualifies as homeless under paragraph (2) of the homeless definition in § 576.2, because the individual or family will imminently lose their housing, the evidence must include:

(i)

(A) A court order resulting from an eviction action that requires the individual or family to leave their residence within 14 days after the date of their application for homeless assistance; or the equivalent notice under applicable state law, a Notice to Quit, or a Notice to Terminate issued under state law;

(B) For individuals and families whose primary nighttime residence is a hotel or motel room not paid for by charitable organizations or federal, state, or local government programs for low-income individuals, evidence that the individual or family lacks the resources necessary to reside there for more than 14 days after the date of application for homeless assistance; or

(C) An oral statement by the individual or head of household that the owner or renter of the housing in which they currently reside will not allow them to stay for more than 14 days after the date of application for homeless assistance. The intake worker must record the statement and certify that it was found credible. To be found credible, the oral statement must either: (I) be verified by the owner or renter of the housing in which the individual or family resides at the time of application for homeless assistance and documented by a written certification by the owner or renter or by the intake worker's recording of the owner or renter's oral statement; or (II) if the intake worker is unable to contact the owner or renter, be documented by a written certification by the intake worker of his or her due diligence in attempting to obtain the owner or renter's verification and the written certification by the individual or head of household seeking assistance that his or her statement was true and complete;

(ii) Certification by the individual or head of household that no subsequent residence has been identified; and

(iii) Certification or other written documentation that the individual or family lacks the resources and support networks needed to obtain other permanent housing.

iii. Category 3 – Homeless under Other Federal Statutes Per 24 CFR 576.500(b)(4) the procedures must require documentation at intake of the evidence relied upon to establish and verify homeless status as follows:

(4) If the individual or family qualifies as homeless under paragraph (3) of the homeless definition in § 576.2, because the individual or family does not otherwise qualify as homeless under the homeless definition but is an unaccompanied youth under 25 years of age, or homeless family with

one or more children or youth, and is defined as homeless under another Federal statute or section 725(2) of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11434a(2)), the evidence must include:

(i) For paragraph (3)(i) of the homeless definition in § 576.2, certification of homeless status by the local private nonprofit organization or state or local governmental entity responsible for administering assistance under the Runaway and Homeless Youth Act (42 U.S.C. 5701 et seq.), the Head Start Act (42 U.S.C. 9831 et seq.), subtitle N of the Violence Against Women Act of 1994 (42 U.S.C. 14043e et seq.), section 330 of the Public Health Service Act (42 U.S.C. 254b), the Food and Nutrition Act of 2008 (7 U.S.C. 2011 et seq.), section 17 of the Child Nutrition Act of 1966 (42 U.S.C. 1786), or subtitle B of title VII of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11431 et seq.), as applicable;

(ii) For paragraph (3)(ii) of the homeless definition in § 576.2, referral by a housing or service provider, written observation by an outreach worker, or certification by the homeless individual or head of household seeking assistance;

(iii) For paragraph (3)(iii) of the homeless definition in § 576.2, certification by the individual or head of household and any available supporting documentation that the individual or family moved two or more times during the 60-day period immediately preceding the date of application for homeless assistance, including: recorded statements or records obtained from each owner or renter of housing, provider of shelter or housing, or social worker, case worker, or other appropriate official of a hospital or institution in which the individual or family resided; or, where these statements or records are unobtainable, a written record of the intake worker's due diligence in attempting to obtain these statements or records. Where a move was due to the individual or family fleeing domestic violence, dating violence, sexual assault, or stalking, then the intake worker may alternatively obtain a written certification from the individual or head of household seeking assistance that they were fleeing that situation and that they resided at that address; and

(iv) For paragraph (3)(iv) of the homeless definition in § 576.2, written diagnosis from a professional who is licensed by the state to diagnose and treat that condition (or intake staff-recorded observation of disability that within 45 days of date of the application for assistance is confirmed by a professional who is licensed by the state to diagnose and treat that condition); employment records; department of corrections records; literacy, English proficiency tests; or other reasonable documentation of the conditions required under paragraph (3)(iv) of the homeless definition.

iv. Category 4 – Fleeing/Attempting to Flee DV Per 24 CFR 576.500(b)(4) the procedures must require documentation at intake of the evidence relied upon to establish and verify homeless status as follows:

(5) If the individual or family qualifies under paragraph (4) of the homeless definition in § 576.2, because the individual or family is fleeing domestic violence, dating violence, sexual assault, stalking, or other dangerous or life-threatening conditions related to violence, then acceptable evidence includes an oral statement by the individual or head of household seeking assistance that they are fleeing that situation, that no subsequent residence has been identified and that they lack the resources or support networks, *e.g.,* family, friends, faith-based or other social networks,

needed to obtain other housing. If the individual or family is receiving shelter or services provided by a victim service provider, the oral statement must be documented by either a certification by the individual or head of household; or a certification by the intake worker. Otherwise, the oral statement that the individual or head of household seeking assistance has not identified a subsequent residence and lacks the resources or support networks, *e.g.,* family, friends, faith-based or other social networks, needed to obtain housing must be documented by a certification by the individual or head of household that the oral statement is true and complete, and, where the safety of the individual or family would not be jeopardized, the domestic violence, dating violence, sexual assault, stalking, or other dangerous or life-threatening condition must be verified by a written observation by the intake worker or a written referral by a housing or service provider, social worker, legal assistance provider, health-care provider, law enforcement agency, legal assistance provider, pastoral counselor, or any other organization from whom the individual or head of household has sought assistance for domestic violence, dating violence, sexual assault, or stalking. The written referral or observation need only include the minimum amount of information necessary to document that the individual or family is fleeing, or attempting to flee domestic violence, dating violence, sexual assault, and stalking.

d. ESG subrecipients must also reassess emergency shelter participants, on an ongoing basis, to help determine the earliest possible time that they can be discharged to permanent housing. All persons discharged from emergency shelters will have their exit status entered into HMIS and will be provided discharge paperwork.

e. Safety and Shelter Needs of Special Populations

    a. ESG funding may be used to provide services for homeless youth, victim services, and services for people living with HIV/AIDS, so long as the costs of providing these services are eligible under the regulations for the emergency shelter component found at 24 CFR Part 576.102.

    b. Consistent with ESG recordkeeping and reporting requirements found at 24 CFR Part 576.500, ESG subrecipients must develop and apply written policies to ensure the safety of program participants through the following actions:

        i. All grantees and sub-grantees will take appropriate measures to provide for client confidentiality. Grantees and sub-grantees will develop and implement procedures to guarantee the confidentiality of records concerning program participants. All records containing personally identifying information (as defined in HUD's standards for participation, data collection, and reporting in a local HMIS) of any individual or family who applies for and receives ESG assistance will be kept secure and confidential.

        ii. The address or location of any domestic violence, dating violence, sexual assault, or stalking shelter project assisted under the ESG will not be made public, except with written authorization of the person responsible for the operation of the shelter, and

        iii. The address or location of any housing of a program participant, including youth, individuals living with HIV/AIDS, victims of domestic violence, dating violence, sexual assault, and stalking; and individuals and families who have the highest barriers to housing will not be made public, except as provided under a preexisting privacy policy of the subrecipient and consistent with state and local laws regarding privacy and obligations of confidentiality

c. In addition, ESG subrecipients must adhere to the following ESG shelter and housing standards found at 24 CFR Part 576.403 to ensure that shelter and housing facilities are safe, sanitary, and adequately maintained:

i. Lead-Based Paint Requirements. The Lead-Based Paint Poisoning Prevention Act applies to all shelters assisted under ESG program and all housing occupied by program participants. All ESG subrecipients are required to conduct a Lead-Based Paint inspection on all units receiving assistance under the rapid re-housing AND homelessness prevention components if the unit was built before 1978 and a child under age six or a pregnant woman resides in the unit.

ii. Structure and Materials. The shelter building should be structurally sound to protect residents from the elements and not pose any threat to health and safety of the residents.

iii. Access. The shelter must be accessible, and there should be a second means of exiting the facility in the case of emergency or fire.

iv. Space and Security. Each resident should have adequate space and security for themselves and their belongings. Each resident must have an acceptable place to sleep.

v. Interior Air Quality. Each room or space within the shelter/facility must have a natural or mechanical means of ventilation. The interior air should be free of pollutants at a level that might threaten or harm the health of residents.

vi. Water Supply. The shelter's water supply should be free of contamination.

vii. Sanitary Facilities. Each resident should have access to sanitary facilities that are in proper operating condition. These facilities should be able to be used in privacy and be adequate for personal cleanliness and the disposal of human waste.

viii. Thermal Environment. The shelter/facility must have any necessary heating/cooling facilities in proper operating condition.

ix. Illumination and Electricity. The shelter/facility should have adequate natural or artificial illumination to permit normal indoor activities and support health and safety. There should be sufficient electrical sources to permit the safe use of electrical appliances in the shelter.

x. Food Preparation. Food preparation areas, if any, should contain suitable space and equipment to store, prepare and serve food in a safe and sanitary manner.

xi. Sanitary Conditions. The shelter should be maintained in a sanitary condition.

xii. Fire Safety-Sleeping Areas. There should be at least one working smoke detector in each occupied unit of the shelter facility. In addition, smoke detectors should be located near sleeping areas where possible. The fire alarm system should be designed for a hearing-impaired resident.

xiii. Fire Safety-Common Areas. All public areas of the shelter must have at least one working smoke detector.

Policies and procedures for assessing, prioritizing, and reassessing individuals' and families' needs for essential services related to emergency shelter.

Eligible recipients and subrecipients shall implement ESG programs in accordance with rules and Regulation requirements 24 CFR Part 91 and 576. The City refers to the Office of Community Planning and Development and HUD Exchange for guidance and updates to 2 CFR Part 91 and 576.

Policies and procedures for assessing, prioritizing, and reassessing individual's and families' needs for essential services related to emergency shelter will comply with 2 CFR Part 576.500 (b) as follows:

Homeless status. The recipient must maintain and follow written intake procedures to ensure compliance with the homeless definition in § 576.2. The procedures must require documentation at intake of the evidence relied upon to establish and verify homeless status. The procedures must establish the order of priority for obtaining evidence as third-party documentation first, intake worker observations second, and certification from the person seeking assistance third. However, lack of third-party documentation must not prevent an individual or family from being immediately admitted to emergency shelter, receiving street outreach services, or being immediately admitted to shelter or receiving services provided by a victim service provider. Records contained in an HMIS or comparable database used by victim service or legal service providers are acceptable evidence of third-party documentation and intake worker observations if the HMIS retains an auditable history of all entries, including the person who entered the data, the date of entry, and the change made; and if the HMIS prevents overrides or changes of the dates on which entries are made.

Order of priority:

1. Third party documentation
2. Intake worker observations
3. Self-certification

a. City of Corpus Christi will allow agency developed intake and assessment tools and protocols that will be used by all agencies that receive ESG. In addition, the City will continue to collaborate with all CoC partners, including those that exist within the City of Corpus Christi region to share best practices and further develop common tools, including reporting templates, assessment documents, etc. The tools and protocols will create consistency in client intake and assessment and provide basis for appropriate agency referral and to develop targeting and prioritization protocols.

b. Upon completion of the common intake and assessment tools and protocols, all ESG subrecipients will use that system to help determine the individual or family need for emergency shelter or other ESG-funded assistance, including essential services related to emergency shelter.

c. ESG funding may be used to provide essential services to individuals and families who are in an emergency shelter. Essential services for participants of emergency shelter assistance can include case management, childcare, education services, employment assistance and job training, outpatient health services, legal services, life skills training, mental health services, substance abuse treatment services, transportation, and services for special populations.

d. ESG subrecipients are responsible to assess an individual or family's initial need for emergency shelter including the need for essential services for emergency shelter and must re-assess their need on an ongoing basis to ensure that only those individuals or families with the greatest need receive ESG-funded emergency shelter assistance. Shelters that serve families must serve all eligible families and

may not refuse services based on the age of children or the size of the family.

e. Client re-assessment will take place at the participant level and at the service provider level. Clients meet with case managers throughout their participation in the program, have regular progress evaluations and re-assessment of clients' need for essential services related to emergency shelter. Clients have opportunity to provide feedback and assessment about programs and services as well.

Policies and procedures for coordination among emergency shelter providers, essential service providers, homelessness prevention and rapid re-housing assistance providers, other homeless assistance providers, and mainstream service and housing providers.

Coordination to assist the homeless and prevent homelessness will come from the leadership of the local Continuum of Care – Homeless Issues Partnership, Inc. Active engagement and membership in the local homeless coalition is strongly encouraged. The CoC will further engage and coordinate resources amongst other entities to improve current programs and funding.

Policies and procedures for determining and prioritizing which eligible families and individuals will receive homelessness prevention assistance and which eligible families and individuals will receive rapid re-housing assistance.

a. ESG-funded agencies will be responsible for ensuring that potential participants are served, with provisions for targeting some services to eligible households who meet prioritization criteria established through the Continuum of Care using coordinated assessment protocols.

b. A key component to successful implementation of a coordinated assessment system within the City of Corpus Christi is a common screening and assessment process developed through the COC.

Screening and assessment thoroughly explores a family's or individual's situation and pinpoints their unique housing and service needs. Based upon the assessment, families and individuals should be referred to the kinds of housing and services most appropriate to their situations and need.

c. The common assessment tool aids matching individuals and families with the most appropriate assistance. Under homelessness prevention, ESG assistance is available to individuals and families below 30% of Area Median Income (AMI) and are homeless or at risk of becoming homeless.

d. ESG funds can be used to prevent an individual or family from becoming homeless and regain stability in current housing or other permanent housing. Rapid re-housing funds can be used to assist individuals and families who are literally homeless progress toward permanent housing and achieve housing stability.

    i. Homeless Prevention Households will be re-certified for continued eligibility every 3 months.

    ii. Rapid Re-Housing Households will be re-certified annually.

Standards for determining the share of rent and utility costs that program participants must pay, if any, while receiving homelessness prevention or rapid re-housing assistance.

a. Standards for both homelessness prevention and rapid re-housing for determining the share of rent and utilities costs that each program participant must pay, if any, will be based on the following:

    i. Rental assistance cannot be provided for a unit unless the rent for that unit is at or below the current Fair Market Rent limit, established by HUD.

    ii. The rent charged for a unit must be reasonable in relation to rents currently being charged for comparable units in the private unassisted market and must not be in excess of rents currently being charged by the owner for comparable unassisted units. See 24 CFR 574.320.

    iii. The rental unit must meet minimum habitability standards found at 24 CFR 576.403.

    iv. There must be a rental assistance agreement and lease between the property manager and tenant.

    v. No rental assistance may be made to an individual or family that is receiving rental assistance from another public source for the same time period.

    vi. Rental assistance may not be provided to a participant who is currently receiving replacement housing payments under Uniform Relocation Assistance

b. Per 24 CFR 576.106 (e), ESG subrecipients may make rental assistance payments only to an owner with whom the subrecipient has entered into a rental assistance agreement. The rental assistance agreement must set forth the terms under which rental assistance will be provided, including the requirements that apply under this section. The rental assistance agreement must provide that, during the term of the agreement, the owner must give the subrecipient a copy of any notice to the program participant to vacate the housing unit, or any complaint used under state or local law to commence an eviction action against the program participant.

Standards for determining how long a particular program participant will receive rental assistance and whether and how the amount of that assistance will be adjusted over time.

a. Subject to the general conditions under 24 CFR 576.103 and 24 CFR Part 576.104, ESG subrecipients may provide a program participant with up to 24 months of rental assistance during any 3-year period. This assistance may be short-term rental assistance, medium-term rental assistance, payment of rental arrears, or any combination of this assistance.

   i. Short-term rental assistance is assistance for up to 3 months of rent.

   ii. Medium-term rental assistance is assistance for more than 3 months but not more than 10 months of rent.

   iii. Payment of rental arrears may consist of a one-time payment for up to 3 months

   of rent in arrears, including any late fees on those arrears.

b. The maximum amount of rental assistance provided, and an individual or family's level of responsibility for rent payments, over time, shall be determined by the ESG subrecipient and shall be reflective of the individual or family's need for rental assistance and the level of financial resources available to the ESG subrecipient.

c. Rental assistance will end if and when other subsidy begins, such as Section 8 Housing Choice Voucher, public housing, or project based rental subsidy.

d. Guidance from the Texas Homeless Network, through Balance of State, will establish, evaluate and modify rental assistance parameters based on data such as community need, outcomes and available funding within the HUD guidelines.

Standards for determining the type, amount, and duration of housing stabilization and relocation services to provide a program participant, including the limits, if any, on the homelessness prevention or rapid re-housing assistance that each program participant may receive, such as the maximum amount of assistance, maximum number of months the program participants receive assistance; or the maximum number of times the program participants may receive assistance.

a. Subject to the general conditions under 24 CFR 576.103 and 24 CFR Part 576.104, subrecipients may use ESG funding to pay housing owners, utility companies, and other third parties for some or all of the following costs, as allowed under 24 CFR 576.105:

   i. Rental application fees
   ii. Security deposits
   iii. Last month's rent
   iv. Utility deposits
   v. Utility payments
   vi. Moving costs, and
   vii. Some limited services costs

b. Consistent with 24 CFR 576.105 (c), ESG subrecipients determine the type, maximum amount and duration of housing stabilization and relocation services for individuals and families who are in need of homeless prevention or rapid re-housing assistance through the initial evaluation, re-evaluation and ongoing case management processes.

b. Consistent with 24 CFR 576.105(d), financial assistance for housing stabilization and relocation

services cannot be provided to a program participant who is receiving the same type of assistance through other public sources or to a program participant who has been provided with replacement housing payments under the Uniform Relocation Act (URA) during the period of time covered by the URA payments.

2. Ensure compliance with ESG regulations and program requirements in the usage of funds and in carrying out program activities
3. Enhance and develop the management capacity of grantees or recipients

Failure to do so may lead to a de-obligation of funds. However, upon receipt of the Notice of De-obligation, the Subrecipient has thirty (30) days to submit a formal letter of appeal. The agency must:

1. Submit the appeal on a formal letterhead, addressed to the PCDD Director.
2. The letter of appeal must be a minimum of 300 words, detailing an explanation and must include an attached budget of proposed spending.

5.109 Equal participation of faith-based organizations in HUD programs and activities.
(a) ***Purpose.*** Consistent with Executive Order 13279, entitled "Equal Protection of the Laws for Faith-Based and Community Organizations," as amended by Executive Order 13559, entitled "Fundamental Principles and Policymaking Criteria for Partnerships With Faith-Based and Other Neighborhood Organizations," and as amended by Executive Order 14015, entitled "Establishment of the White House Office of Faith-Based and Neighborhood Partnerships," this section describes requirements for ensuring the equal participation of faith-based organizations in HUD programs and activities. These requirements apply to all HUD programs and activities, including all of HUD's Native American Programs, except as may be otherwise noted in the respective program regulations in title 24 of the Code of Federal Regulations (CFR), or unless inconsistent with certain HUD program authorizing statutes.

(b) ***Definitions.*** The following definitions apply to this section:

Direct Federal financial assistance means Federal financial assistance provided when a Federal Government agency or an intermediary, as defined in this section, selects the provider and either purchases services from that provider (*i.e.,* via a contract) or awards funds to that provider to carry out an activity (*e.g.,* via grant, sub-grant, sub-award, or cooperative agreement). The recipients of sub-grants or sub-awards that receive Federal financial assistance through State-administered programs (*e.g.,* flow-through programs) are considered recipients of direct Federal financial assistance. In general, Federal financial assistance shall be treated as direct, unless it meets the definition of indirect Federal financial assistance.

Federal financial assistance means assistance that non-Federal entities receive or administer in the forms of grants, contracts, loans, loan guarantees, property, cooperative agreements, food commodities, direct appropriations, or other assistance, but does not include a tax credit, deduction, or exemption.

Indirect Federal financial assistance means Federal financial assistance provided when the choice of the provider is placed in the hands of the beneficiary, and the cost of that service is paid through a voucher, certificate, or other similar means of Government-funded payment. Federal financial assistance provided to an organization is considered indirect when the Government program through which the beneficiary receives the voucher, certificate, or other similar means of Government-funded payment is neutral toward religion meaning that it is available to providers without regard to the religious or non-religious nature of the institution and there are no program incentives that deliberately skew for or against religious or secular providers; and the organization receives the assistance wholly as a result of a genuine and independent private choice of the beneficiary, not a choice of the Government. The availability of adequate secular alternatives is a significant factor in determining whether a program affords true private choice.

Intermediary means an entity, including a nongovernmental organization, acting under a contract, grant, or other agreement with the Federal Government or with a State, tribal or local government that accepts

Federal financial assistance and distributes that assistance to other entities that, in turn, carry out activities under HUD programs.

Religious exercise has the meaning given to the term in 42 U.S.C. 2000cc-5(7)(A).

(c) ***Equal participation of faith-based organizations in HUD programs and activities.***

(1) Faith-based organizations are eligible, on the same basis as any other organization, to participate in any HUD program or activity for which they are otherwise eligible. Neither the Federal Government, nor a State, Tribal, or local government, nor any other entity that administers any HUD program or activity, shall discriminate for or against an organization on the basis of the organization's religious character, motives, or affiliation, or lack thereof, or on the basis of conduct that would not be considered grounds to favor or disfavor a similarly situated secular organization.

(2) Nothing in this section shall be construed to preclude HUD from making an accommodation, including for religious exercise, with respect to one or more program requirements on a case-by-case basis in accordance with the Constitution and laws of the United States.

(3) HUD shall not disqualify an organization from participating in any HUD program for which it is eligible on the basis of the organization's indication that it may request an accommodation with respect to one or more program requirements, unless the organization has made clear that the accommodation is necessary to its participation and, in accordance with the Constitution and laws of the United States, HUD has determined that it would deny the accommodation.

(4) In addition, decisions about awards of Federal financial assistance must be free from political interference or even the appearance of such interference and must be made on the basis of merit, not based on the organization's religious character, affiliation, or lack thereof, or based on the organization's religious exercise. Notices of funding opportunity, grant agreements, and cooperative agreements shall include language substantially similar to that in appendix A to this subpart, where faith-based organizations are eligible for such opportunities.

(d) ***Independence and identity of faith-based organizations.***

(1) A faith-based organization that applies for, or participates in, a HUD program or activity supported with Federal financial assistance retains its autonomy, right of expression, religious character, authority over its governance, and independence, and may continue to carry out its mission, including the definition, development, practice, and expression of its religious beliefs; provided that, it does not use direct Federal financial assistance, whether received through a prime award or sub-award, to support or engage in any explicitly religious activities, including activities that involve overt religious content such as worship, religious instruction, or proselytization.

(2) A faith-based organization that receives direct Federal financial assistance may use space (including a sanctuary, chapel, prayer hall, or other space) in its facilities (including a temple, synagogue, church, mosque, or other place of worship) to carry out activities under a HUD program without concealing, altering, or removing religious art, icons, scriptures, or other religious symbols. In addition, a faith-based organization participating in a HUD program or activity retains its authority over its internal governance, and may retain religious terms in its organization's name, select its board members on the basis of their acceptance of or adherence to the religious tenets of the organization consistent with paragraph (i) of this section, and include religious references in its organization's mission statements and other governing documents.

(e) ***Explicitly religious activities.*** If an organization engages in explicitly religious activities (including activities that involve overt religious content such as worship, religious instruction, or proselytization), the

explicitly religious activities must be offered separately, in time or location, from the programs or activities supported by direct Federal financial assistance and participation must be voluntary for the beneficiaries of the programs or activities that receive direct Federal financial assistance. The use of indirect Federal financial assistance is not subject to this restriction. Nothing in this part restricts HUD's authority under applicable Federal law to fund activities, that can be directly funded by the Government consistent with the Establishment Clause of the U.S. Constitution.

(f) ***Intermediary responsibilities to ensure equal participation of faith-based organizations in HUD programs.*** If an intermediary—acting under a contract, grant, or other agreement with the Federal Government or with a State, tribal or local government that is administering a program supported by Federal financial assistance—is given the authority to select a nongovernmental organization to receive Federal financial assistance under a contract, grant, sub-grant, sub-award, or cooperative agreement, the intermediary must ensure that such organization complies with the requirements of this section. If the intermediary is a nongovernmental organization, it retains all other rights of a nongovernmental organization under the program's statutory and regulatory provisions.

(g) ***Nondiscrimination and beneficiary notice requirements*** —
(1) ***Nondiscrimination.*** Any organization that receives Federal financial assistance under a HUD program or activity shall not, in providing services supported in whole or in part with Federal financial assistance, or in their outreach activities related to such services, discriminate against a beneficiary or prospective beneficiary on the basis of religion, a religious belief, a refusal to hold a religious belief, or a refusal to attend or participate in a religious practice. However, an organization that participates in a program funded by indirect Federal financial assistance need not modify its program or activities to accommodate a beneficiary who chooses to expend the indirect aid on the organization's program.

(2) ***Beneficiary notice.***
(i) An organization providing services under a program supported by direct Federal financial assistance from HUD, or an entity that administers indirect Federal financial assistance from HUD, must give written notice to beneficiaries and prospective beneficiaries of certain protections in a manner and form prescribed by HUD, including by incorporating the notice into materials that are otherwise provided to beneficiaries. The required language for this written notice to beneficiaries is set forth in appendix C to this subpart.
(ii) For the Housing Choice Voucher (HCV), Project-Based Voucher (PBV), and Section 8 Moderate Rehabilitation programs, the respective recipient (*i.e.,* Public Housing Agency) is required to provide the written beneficiary notice. For the Housing Opportunities for Persons with AIDS (HOPWA) program, the grantee or project sponsor that is responsible for making eligibility determinations is required to provide the written beneficiary notice. For the Continuum of Care (CoC) and Emergency Solutions Grants (ESG) programs, the recipient or subrecipient that is responsible for determining the eligibility of each family or individual is required to provide the written beneficiary notice. The participating or prospective providers (landlords) are not responsible for providing the written beneficiary notice for indirect aid recipients. The notice must include the following information:
(A) Nondiscrimination requirements of paragraph (g)(1) of this section;
(B) Notification that a beneficiary or prospective beneficiary may report an organization's violation of these protections, including any denials of services or benefits by an organization, by contacting or filing a written complaint with the Center for Faith-Based and Neighborhood Partnerships or the intermediary that awarded funds to the organization; and

(C) For direct Federal financial assistance only, prohibitions with respect to explicitly religious activities as set forth in paragraph (e) of this section.

(3) ***Notice timing.*** The written notice described in paragraph (g)(2) of this section must be given to a prospective beneficiary prior to the time the prospective beneficiary enrolls in the program or receives services from the program. When the nature of the service provided or exigent circumstances make it impracticable to provide such written notice in advance of the actual service, an organization must advise beneficiaries of their protections at the earliest available opportunity.

(4) ***Alternative option information.*** HUD may determine that the notice described in paragraph (g)(2) of this section must inform each beneficiary or prospective beneficiary about how to obtain information from HUD, or a State agency or other entity administering the applicable program, about other federally funded service providers in their area that provide the services available under the applicable program.

(h) ***No additional assurances from faith-based organizations.*** A faith-based organization is not rendered ineligible by its religious nature to access and participate in HUD programs. Absent regulatory or statutory authority, no notice of funding opportunity, grant agreement, cooperative agreement, covenant, memorandum of understanding, policy, or regulation that is used by HUD or a recipient or intermediary in administering Federal financial assistance from HUD shall require otherwise eligible faith-based organizations to provide assurances or notices where they are not required of similarly situated secular organizations. All organizations that participate in HUD programs or activities, including organizations with religious character, motives, or affiliation, must carry out eligible activities in accordance with all program requirements, including those prohibiting the use of direct financial assistance to engage in explicitly religious activities, subject to any accommodations that are granted to organizations on a case-by-case basis in accordance with the Constitution and laws of the United States. No notice of funding opportunity, grant agreement, cooperative agreement, covenant, memorandum of understanding, policy, or regulation that is used by HUD or a recipient or intermediary in administering financial assistance from HUD shall disqualify otherwise eligible faith-based organizations from participating in HUD's programs or activities on the basis of the organization's religious character, motives, or affiliation, or lack thereof, or on the basis of conduct that would not be considered grounds to disqualify a similarly situated secular organization.

(i) ***Exemption from Title VII employment discrimination requirements.*** A religious organization's exemption from the Federal prohibition on employment discrimination on the basis of religion, set forth in section 702(a) of the Civil Rights Act of 1964 (42 U.S.C. 2000e-1), is not forfeited when the organization participates in a HUD program. Some HUD programs, however, contain independent statutory provisions that impose certain nondiscrimination requirements on all grantees. Accordingly, grantees should consult with the appropriate HUD program office to determine the scope of applicable requirements.

(j) ***Acquisition, construction, and rehabilitation of structures.*** Direct Federal financial assistance may be used for the acquisition, construction, or rehabilitation of structures only to the extent that those structures are used for conducting eligible activities under a HUD program or activity. Where a structure is used for both eligible and explicitly religious activities (including activities that involve overt religious content such as worship, religious instruction, or proselytization), direct Federal financial assistance may not exceed the cost of the share of acquisition, construction, or rehabilitation attributable to eligible activities in accordance with the cost accounting requirements applicable to the HUD program or activity. However, acquisition, construction, or rehabilitation of sanctuaries, chapels, or other rooms that a HUD-funded faith-based organization uses as its principal place of worship, may not be paid with direct Federal financial assistance. Disposition of real property by a faith-based organization after its use for an authorized purpose, or any change in use of the property from an authorized purpose, is subject to Government-wide regulations governing real property disposition (2 CFR part 200, subpart D) and the HUD program regulations, as directed by HUD.

(k) ***Commingling of Federal and State, tribal, and local funds.*** If a State, tribal, or local government voluntarily contributes its own funds to supplement direct Federal financial assistance for an activity, the State, tribal or local government has the option to segregate those funds or commingle them with the direct Federal financial assistance. However, if the funds are commingled, the requirements of this section apply to all of the commingled funds. Further, if a State, tribal, or local government is required to contribute matching funds to supplement direct Federal financial assistance for an activity, the matching funds are considered commingled with the direct Federal financial assistance and, therefore, subject to the requirements of this section. Some HUD programs' requirements govern any activity assisted under those programs. Accordingly, recipients should consult with the appropriate HUD program office to determine the scope of applicable requirements.

(l) ***Tax exempt organizations.*** In general, HUD does not require that a recipient, including a faith-based organization, obtain tax-exempt status under section 501(c)(3) of the Internal Revenue Code to be eligible for funding under HUD programs. Many grant programs, however, do require an organization to be a nonprofit organization in order to be eligible for funding. Notices of funding availability that require organizations to have nonprofit status will specifically so indicate in the eligibility section of the notice of funding availability. In addition, if any notice of funding availability requires an organization to maintain tax-exempt status, it will expressly state the statutory authority for requiring such status. Applicants should consult with the appropriate HUD program office to determine the scope of any applicable requirements. In HUD programs in which an applicant must show that it is a nonprofit organization but this is not statutorily defined, the applicant may do so by any of the following means:
(1) Proof that the Internal Revenue Service currently recognizes the applicant as an organization to which contributions are tax deductible under section 501(c)(3) of the Internal Revenue Code;
(2) A statement from a State or other governmental taxing body or the State secretary of State certifying that—
(i) The organization is a nonprofit organization operating within the State; and
(ii) No part of its net earnings may benefit any private shareholder or individual;
(3) A certified copy of the applicant's certificate of incorporation or similar document that clearly establishes the nonprofit status of the applicant; or
(4) Any item described in paragraphs (l)(1) through (3) of this section, if that item applies to a State or national parent organization, together with a statement by the State or parent organization that the applicant is a local nonprofit affiliate.
(m) ***Rule of construction.*** Neither HUD nor any recipient or other intermediary receiving funds under any HUD program or activity shall construe these provisions in such a way as to advantage or disadvantage faith-based organizations affiliated with historic or well-established religions or sects in comparison with other religions or sects.

Community Needs Assessment and Consultation feedback summary

To expand citizen participation efforts, the City conducted multiple public meetings, technical assistance workshops, and stakeholder consultations to gather community input and assess local housing and community development needs. Key feedback received included the following:

• The community identified a significant need for the development of new affordable rental housing, particularly for low- and moderate-income households, seniors, and persons with disabilities, due to an aging housing inventory and limited new affordable developments.

• Rehabilitation and repair assistance for owner-occupied homes remains a critical need, especially for elderly homeowners, to preserve the existing affordable housing stock, support aging in place, and address health and safety concerns such as lead-based paint and asbestos. The community also emphasized the need to reduce waitlists to ensure timely assistance.

• Acquisition and preservation of affordable housing units were identified as priorities due to rising housing costs and limited housing availability. Homebuyer assistance programs for low- and moderate-income households were also identified as important to expanding homeownership opportunities.

• Public facility and infrastructure improvements, including enhanced accessibility to parks, senior centers, pools, gyms, and sidewalks, were identified as important community needs that contribute to neighborhood quality of life and accessibility. Sidewalks specifically was mentioned as a need to connect to parks and walking trails in alignment with local master area development and transportation plans.

• Senior services were identified as a continuing priority to address the needs of the growing elderly population.

• Tenant-Based Rental Assistance was identified as essential to address the shortage of affordable housing, particularly for households at or below 30% of Area Median Income (AMI).

• Specialized Tenant-Based Rental Assistance and supportive housing services were identified as critical for non-homeless individuals with special needs, including seniors, persons with disabilities, individuals with HIV/AIDS, persons experiencing mental health or substance abuse challenges, and victims of domestic violence.

• The community identified continued funding for homeless services, including emergency shelters and supportive services, as a pressing need. Specific concern was also expressed for unaccompanied youth and individuals transitioning out of the foster care system.

• Improved coordination among social service providers through the implementation and utilization of a Homeless Management Information System (HMIS) was identified as necessary to enhance service delivery for individuals experiencing homelessness.

• Job training and workforce development remain among the community's top priorities. As the region awaits additional water infrastructure capacity, the City has an opportunity to strengthen workforce readiness in emerging industries such as drone technology, aviation, and advanced

manufacturing. Partnerships with Texas A&M University–Corpus Christi, Craft Training Center, and Del Mar College will help prepare residents for future employment opportunities and support long-term economic growth.

- Fair Housing consultation identified opportunities to expand access to information through multilingual outreach, support the development and preservation of safe, decent, and affordable housing for vulnerable populations, and promote ongoing monitoring of affordable housing activities to ensure compliance with fair housing requirements and advance equitable housing opportunities for all residents.

Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The City of Corpus Christi (City) is a federal entitlement community under the U.S. Department of Housing and Urban Development (HUD). The City receives this designation through the application, administration, execution, and compliance of HUD funded programs by the City's Planning & Economic Development Department (PED0).

As a HUD entitlement community, the City is required to prepare a Two-Year Consolidated Plan (ConPlan) and an Annual Action Plan (AAP) to administer federally funded housing, community, and economic development programs. FY2027/PY2026 AAP represents Year Four of the City's FY2023-FY2028 ConPlan, as approved by City Council and accepted by HUD.

The FY2027/PY2026 AAP is the City of Corpus Christi's application to HUD for entitlement grants and identifies the proposed programs and projects to be funded during the City's Fiscal Year (FY) 2027. The following three HUD entitlement grants are covered in the AAP:

- Community Development Block Grant (CDBG): The primary objective of the CDBG program is the development of viable urban communities through the provision of improved living environments, expansion of economic opportunity, and suitable housing. Funds are intended to serve low and moderate-income residents and areas.
- HOME Investment Partnerships Program (HOME): The HOME program is dedicated to increasing the availability, quality, and access to affordable and decent housing for low-income households.
- Emergency Solutions Grant (ESG): The purpose of the ESG program is to help individuals and families regain both temporary and permanent housing after experiencing a housing crisis or homelessness.

The FY2027/PY2026 annual allocations for the three grant programs are as follows: $2,760,757 in CDBG funds; $1,130,833 in HOME funds; and $232,640 in ESG funds. An additional $600,000 from CDBG Program Income and approximately $300,000 reprogrammed unspent funds; and $2,276,245 in HOME Program Income is included. The total resources for the 4th year of the Consolidated Plan are $6,740,775.16.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items, or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The Consolidated Plan establishes the goals and objectives of the City's allocations programs. During development of the 2023-2026Consolidated Plan, the following objectives and outcomes were identified for the strategic plan.

The Strategic Plan provides a framework to address the needs of the City for the next five years using approximately $2.7 million in Community Development Block Grant (CDBG) funds, $1.1 million in HOME funds and $232,640 in ESG funds annually. The three overarching objectives guiding the proposed activities are:

- Providing Decent Affordable Housing
- Creating Suitable Living Environments
- Creating Economic Opportunities

Outcomes show how programs and activities benefit low- and moderate- income areas of a community or the people served. The three outcomes that will illustrate the benefits of each activity funded by the CDBG program are:

- Improve Availability/Accessibility
- Improve Affordability
- Improve Sustainability

Activities funded this year will support at least one objective and one outcome. The City's framework for realizing the objectives and outcomes includes the following goals:

- Increase and Maintain Affordable Housing for low-income households
- Provide a Suitable Living Environment through public facilities and infrastructure improvements
- Blight Removal
- Provide public services and programs related to healthy outcomes for low- and moderate-income persons and households
- Address Homelessness

The City of Corpus Christi will allocate funding to meet the goals and objectives outlined in the Consolidated Plan. For PY26, the City will continue to invest entitlement funds in support of the following:

1. Increase and Maintain Affordable Housing
2. Public Facilities
3. Code Enforcement
4. Homeless Prevention
5. Planning & Administration

In PY25, The City amended its citizen participation plan to allow the City to identify and include backup projects that can be substituted if higher priority projects run into delays. This streamlined the substitution process while giving citizens the opportunity to provide input. The amendment will assist with the City's intent to deobligate funds from a particular project and fund one or more others in its place and minimize delays to program implementation to avoid negative impacts on the overall timeliness of programs. The City created a list of backup projects for FY25/PY26 AAP and it will be implemented as needed.

The City leveraged general funds to hire an Unhoused Programs Administer position. The Unhoused Administrator leads the coordination and implementation of the community's efforts to address homelessness by managing strategic planning initiatives, supporting stakeholder and coalition partnerships, administering grants and funding programs, overseeing contract and compliance activities, and monitoring policy and legislative developments affecting unhoused populations. The position also assists in establishing program goals and priorities, supports emergency management planning and

1. Plan Development

The City will follow the process and procedures described below in the development of its AAP.

a. In preparing the AAP, the City may identify and include backup projects that can be substituted if higher priority projects run into delays. This will streamline the substitution process while giving citizens the opportunity to provide input. This will assist with the City's intent to

deobligate funds from a particular project and fund one or more others in its place and minimize the impact of a delayed project on the overall timeliness of programs. Backup projects that may be undertaken will be selected based on priority needs as established by the City's Five Year ConPlan and timely expenditures. Backup projects will be continually vetted for eligibility. Phased projects may be included and funded over several years to include but are not limited to feasibility and/or design portions, property acquisition, and construction.

The City will conduct at least two public meetings during the development of the AAP. The first public meeting will be conducted before the AAP draft is published for public comment. During the first public meeting, the City will address housing and community development needs, development of proposed activities, the amount of assistance the City expects to receive (including grant funds and program income), the range of activities that may be undertaken, including the estimated amount that will benefit low- and moderate-income residents, and a review of program performance.

The second public meeting will be conducted during or after the 30-day public comment period during which the City will address identified housing and community development needs, proposed eligible activities, and proposed strategies and actions for affirmatively furthering fair housing, consistent with the Analysis of Impediments to Fair Housing.

Both public meetings conducted for the Year 1 AAP may be conducted concurrently with the required public meetings for the five-year ConPlan.

c. Public Display and Comment Period

The draft AAP will be placed on display for a period of no less than 30 days to encourage public review and comment. The public notice shall include a brief summary of the AAP, the anticipated amounts of funding (including program income, if any), the dates of the public display and comment period, the locations where copies of the draft AAP can be examined, how comments will be accepted, when the document will be considered for action by City Council, and the anticipated submission date to HUD. The City will consider any comments or views of City residents received in writing or orally at the public meetings in preparing the final AAP. A summary of these comments or views, and a summary

e. City Council Action

Following the public meeting, the AAP will be presented to City Council for consideration and formal action.

f. Submission to HUD

- When there is a change to the Annual Goals, Objectives, and/or Target Geographies/Areas identified in the AAP
- When a project previously identified in the AAP is cancelled
- When a new project that was not previously identified in the AAP is created
- When a significant change occurs in the purpose, locations, or beneficiaries of an activity previously approved.
- When a 50 percent change in federal funding occurs where the project is $25,000 or less
- When a 25 percent change in federal funding occurs where the project is more than $25,000.

All other changes to funding allocations or approved eligible activities that do not meet the criteria defined above will be considered minor amendments, will be reviewed and approved by the City's Director of Planning and Community Development Department and will not be subject to public comments. These changes will be fully documented and signed by the Director of Planning and Community Development.
